

The company ranks among the most leading international players in Irrigation Systems and Products for the Agricultural sector and is currently engaged in an important phase of development in eastern Europe. In this context we are looking to fill the role of

## **SENIOR PRODUCT MANAGER**

**121@studiostaff.it**

The position will be responsible for product planning throughout the entire product lifecycle for the Extrusion Products line: market analysis, pricing and campaigns to ensure revenue and customer satisfaction goals are met. The person will report to the Marketing Manager EMEA market, will support and develop sales and will work closely with engineering. The company is based in Rome and the candidate should be willing to travel abroad on a regular basis.

We are looking for candidates 27 – 30 years old, university graduates with at least three years of experience as a Product Manager in a multinational company operating in instrument products and goods. Fluent English is indispensable. Knowledge of Russian together with experience in the agricultural sector are desirable.

*La ricerca è rivolta a candidature di entrambi i sessi (L. 903/77). Preghiamo gli interessati, ai quali si assicura massima riservatezza, di inviare un dettagliato C.V. autorizzando il trattamento dei dati personali in base al D.Lgs. 196/2003 i cui riferimenti sono consultabili sul sito [www.studiostaff.it](http://www.studiostaff.it).*
